Drilling and Blasting and Quarries Services Company.

About National Emirates:-

- ▶ **NATIONAL EMIRATES** was established in December, 2003 first in Emirate of Fujairah and later in 2007 in Emirate of Ras Al Khaimah under the title **EMIRATES NATIONAL FOR QUARRIES SERVICES EST.** according to the market requirement, as a specialized in drilling, blasting ,quarry development, pit design as well as with crusher designing approach for hard and soft rock in United Arab Emirates.
- ▶ Highly professional and certified team of engineers is running the operations for more than 20 ~ 25 quarries in the emirates of Fujairah and Ras Al Khaimah, with monthly blasted volume of about 1.5 ~ 2.0 M Cubic Meter.
- ▶ Company has well equipped fleet of hydraulic drill rigs with monthly drilling capacity of not less than 50,000 Linear meters for about 20 ~ 25 quarries with in the emirates.
- ▶ The company takes pride in working closely with its clients to provide leading technical support for stone crushers, steel grade lime stone, industrial stone, cement plants feeding as well as civil construction work industry in the United Arab Emirates. Since the group owns 2 large capacity lime stone crushers in Hab Hab (Al Tawyeen) – Fujairah Area.

Introduction

- ▶ **The United Arab Emirates attaches great importance to infrastructure construction and regard it as the basis of economic and social development. They have developed the Ministry of Infrastructure and Development which offers various of services including projects for development of Roads, Tunnels, etc. for the Individual, Business and Governmental sectors.**

- ▶ The United Arab Emirates (UAE) also has vast resources of limestone and hard rock in the northern Emirates. These are currently exploited by quarrying companies to produce construction aggregate and raw material for the manufacture of cement, with a small amount being used to produce rock wool, dimension stone and mineral filler.

National Emirates Est. & Emirates National Quarries Services Est. (Mission, Vision & Values)

Mission:

To provide a continuum of quality services, which meet the needs and expectations of our customers in United Arab Emirates.

Vision:

National Emirates will provide high quality, cost effective drilling, blasting & quarries services delivered in a professional, safe and caring.

Values:

National Emirates believes in treating all Customers, Suppliers, Visitors and Employees with Respect, Dignity and Equality, guided by UAE laws as well as with International Legislative Authorities.

Rock Drilling and Blasting:

National Emirates offers drilling, blasting and blasting only programs for the Infrastructure work and aggregate industry. Each Quarry has unique needs which are specific to its operation. We provide each quarry with a specialized analysis identifying their specific needs and then develop a tailor made blasting program to fit those requirements.

Further profiling of the company will be outlines in three different, short but comprehensive segments.

- ▶ **1.Drilling & Support Capability.**
- ▶ **2.Blasting & Specialized Services.**
- ▶ **3.Quality, Environment, Health & Safety Management System. (QEHSMS)**

1. Drilling & Support Capability.

- ▶ Drilling.
- ▶ Production drilling.
- ▶ Technical drilling.
- ▶ Exploratory drilling.
- ▶ Well trained and experienced drill operators.
- ▶ Well equipped workshop under supervision of a highly experienced technicians.
- ▶ Equipped 4x4 maintenance vehicle for on site jobs.
- ▶ 24 hours ready and monitoring.

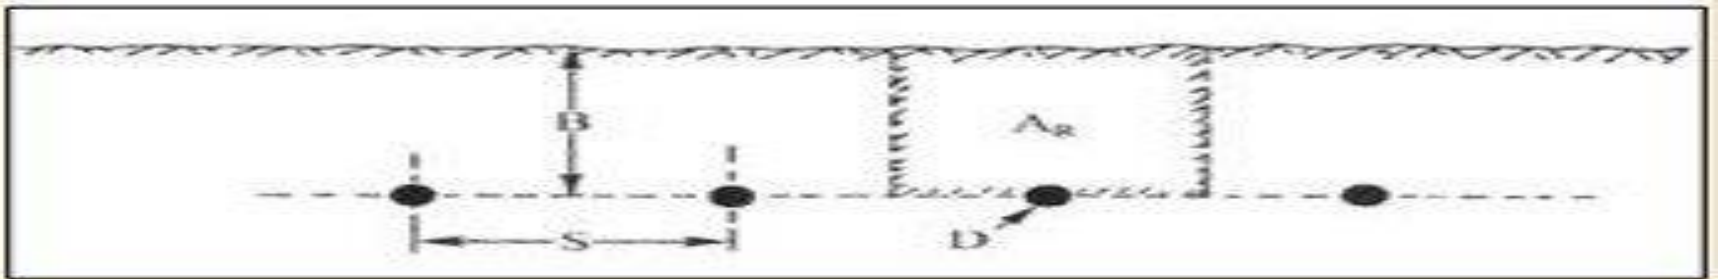

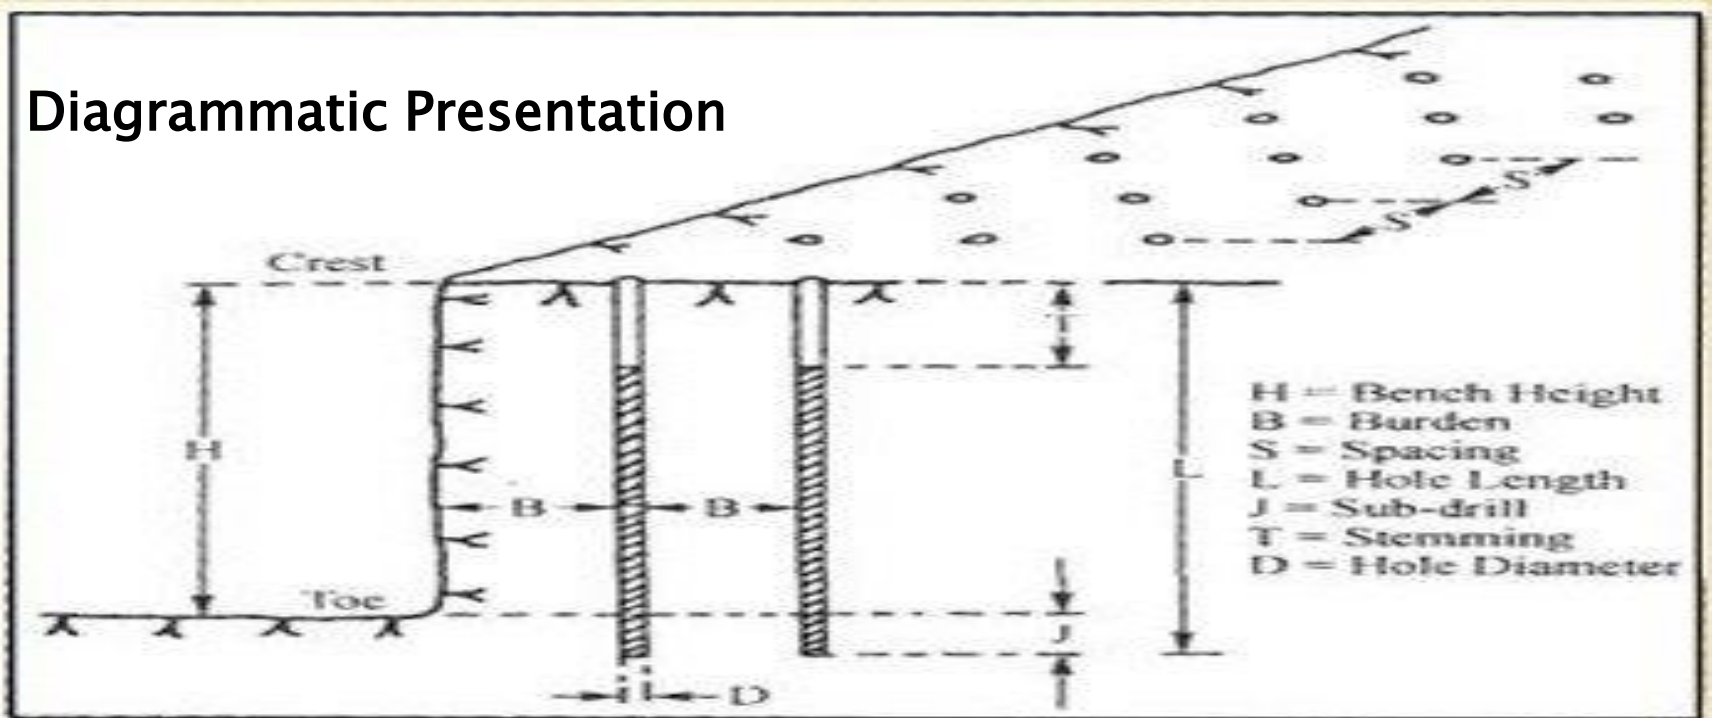

2. Blasting & Specialized Services.

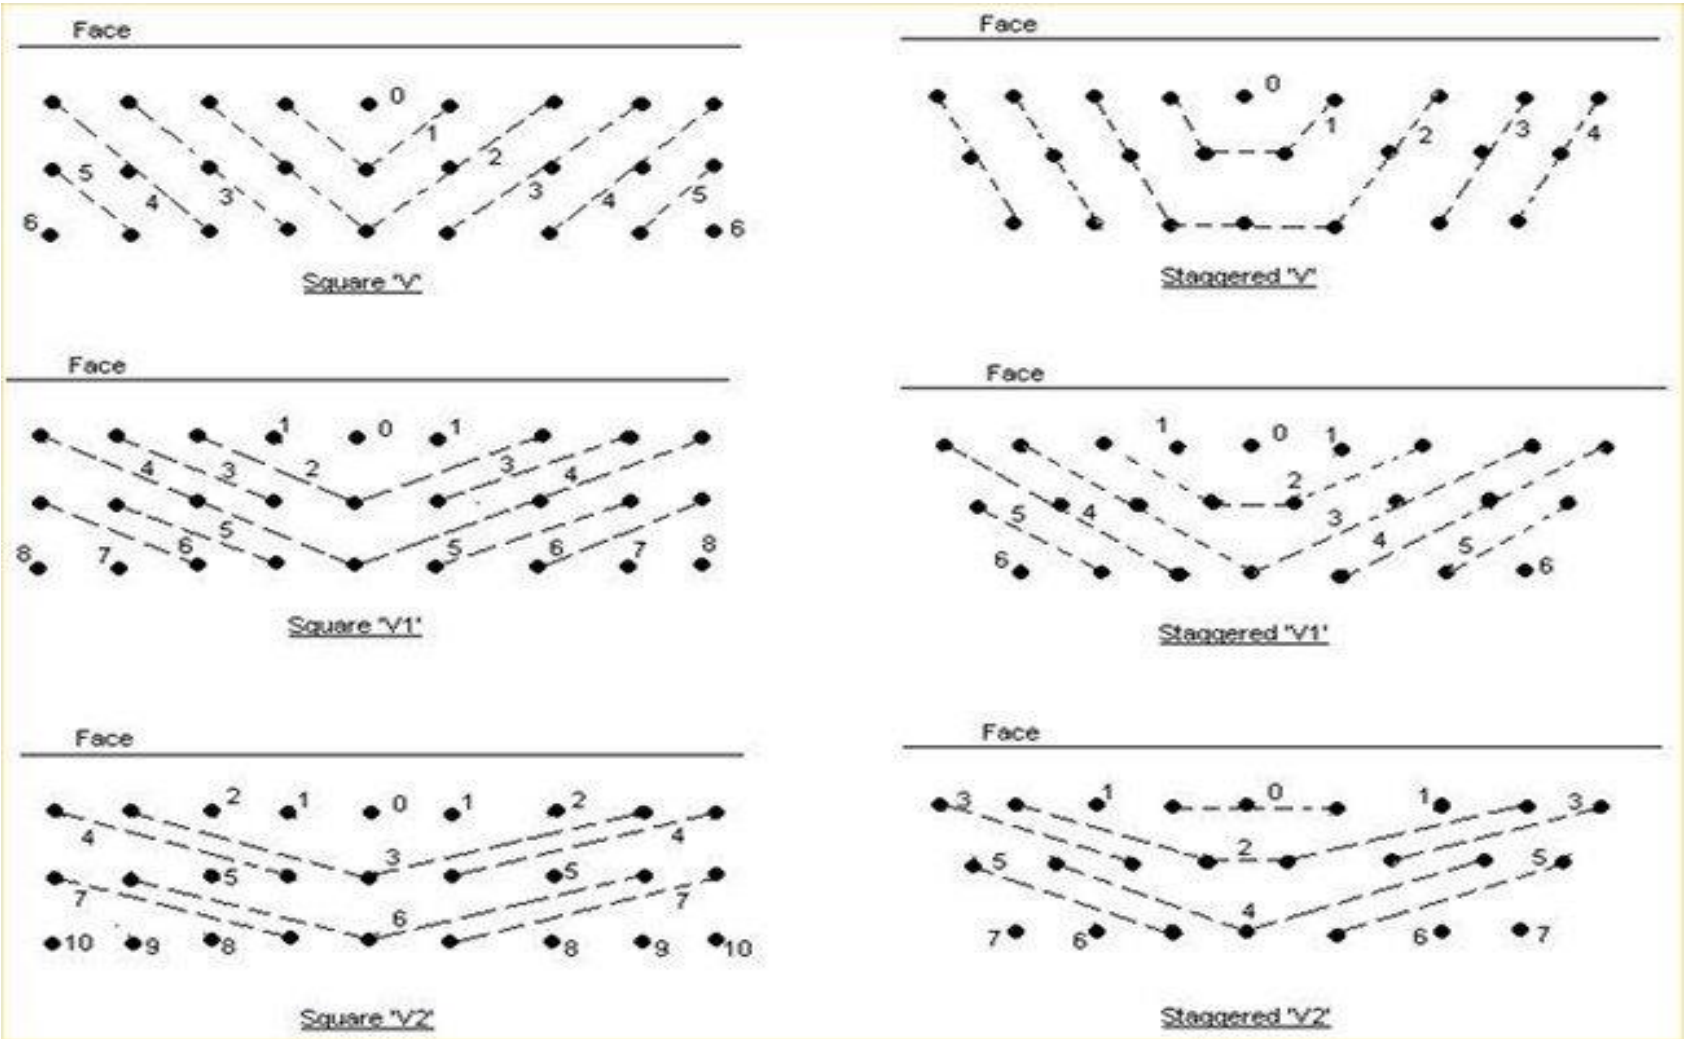

- ▶ We have a well qualified, blasting license (UAE) holder team of engineers having more than 10 years of working experience in the country. The team being in the service provider sector of this country for so long, have nearly blasted 70% of the quarries and areas with different rock structures and geology.
- ▶ Very competent, professional work force especially familiar with the international and local safety laws and practices of high standards.
- ▶ Highly trained, well experienced, Ministry of Interior (MOI) certified card holders 03 nos. of blast crew (15 persons each) is available.

Laser Profiling

Laser Profiling results in optimized blasting and less fly-rock due to the monitoring of the burden, spacing and alignment of the drill-holes

LICENSED EXPLOSIVES VEHICLES

- We have 02 no of explosives trucks (Capacity of 7.0 MT) each, with the approved and blasting cards holders' drivers.

➤ ETIHAD RAIL, UAE

Etihad Rail is the United Arab Emirates national railway network. It was established in June 2009 under Federal Law No. 2 to manage the development, construction and operation of the United Arab Emirates' national freight and passenger railway network. The railway will link the UAE's principal centers of industry, manufacturing, production, logistics, population and its major import and export points, sustainably connecting regions and integrating industries through rail-based transport. This Project of UAE has been awarded to China Railway Construction Corporation and National Projects and Construction. National Emirates is currently executing the drilling / blasting operations for surface and tunnels operations at Etihad Rail Project.
